KUNAL CHAUDHARI

AI & Data Science Student | Machine Learning & Artificial Intelligence | NLP & AI Systems

Pune, Maharashtra, India | +91-9373381214 | hikunal2005@gmail.com | linkedin.com/in/kunal-chaudhari-81bb22310 | github.com/Kunal9971172

PROFESSIONAL SUMMARY

AI & Data Science undergraduate (CGPA: 8.99/10) with hands-on experience in Machine Learning, Artificial Intelligence, NLP, data preprocessing, and software development. Experienced in implementing classification algorithms, dimensionality-reduction techniques, AI chatbot systems, and AI-driven application concepts using Python and modern development tools. Interested in applying ML and AI to real-world, high-impact problems, with a strong foundation in problem solving and experimentation.

EDUCATION

Bachelor of Engineering — Artificial Intelligence & Data Science Expected 2028
Dr. D. Y. Patil Institute of Technology, Pimpri, Pune (Savitribai Phule Pune University)Pune, India
CGPA: 8.99 / 10 | Relevant Coursework: Artificial Intelligence, Machine Learning, Data Science, NLP, Data Structures & Algorithms, DBMS, Computer Networks, Operating Systems

TECHNICAL SKILLS

Programming: Python, C++, Java, JavaScript, SQL
Machine Learning & AI: Machine Learning, Supervised Learning, Classification, Regression, Logistic Regression, Decision Trees, Random Forest, SVM, KNN, PCA, LDA
Data Science: Pandas, NumPy, Matplotlib, Data Preprocessing, EDA, Feature Engineering, Model Evaluation, Accuracy, Precision, Recall, F1-Score, Confusion Matrix
AI & Application Development: AI Chatbots, Knowledge Bases, LLM Applications, API Integration, Structured Outputs, AI Automation
Web & Backend: HTML, CSS, JavaScript, Node.js, Express.js, MySQL, MongoDB, MERN Stack
Tools: Git, GitHub, VS Code, Google Colab, Jupyter Notebook, Netlify, Vercel

AI/ML PROJECTS

Machine Learning Classification Suite 2026
- Implemented and compared Logistic Regression, Decision Tree, Random Forest, SVM, and KNN classification models (Python, Scikit-learn) using Breast Cancer and Heart Disease datasets
- Performed data preprocessing, feature preparation, and model evaluation using Accuracy, Precision, Recall, F1-Score, and Confusion Matrix; applied PCA and LDA for dimensionality reduction

EduReach — College Information Platform & AI Chatbot
- Developed a MERN-based college information platform with authentication and an AI chatbot grounded in a college knowledge base, integrating Sarvam AI APIs for structured query responses

AI-Based Operating System — Major Project 2026 – Present
- Developing an AI-powered operating system concept combining traditional OS functionality with an intelligent AI layer for natural-language interaction, automation, and system monitoring
- Exploring AI-agent based workflows to enable proactive assistance and intelligent system-level operations

EXPERIENCE

UI/UX Intern — Senovial Technologies 2025
- Contributed to the UI/UX and frontend development of CashCub, a live cashback platform, using HTML, CSS, and JavaScript — cashcub-final2.netlify.app
- Translated product requirements into functional interfaces, gaining practical experience working on a real-world software product

Subject Teacher — ICSE Class 10 3 Years
- Taught Physics, Chemistry, and Computer Science (Java), developing strong analytical, communication, presentation, and problem-solving skills
- Simplified complex technical concepts and adapted explanations to different learning levels

SELECTED TECHNICAL PROJECTS

Client Web Projects — Perfect Commerce Academy & Anil Sir Maths Academy
- Perfect Commerce Academy: developed and deployed a client-focused educational website by translating requirements into a functional digital solution — perfect-commerce-academy.vercel.app
- Anil Sir Maths Academy: designed and deployed an educational website emphasizing usability, responsive design, and client requirements — maths-academy-96-a.netlify.app

ACHIEVEMENTS

2nd Prize — Startup Competition, D. Y. Patil Institute of Technology (Project: MyHealth360) • Google Student Ambassador, 2026 • Allianz Tech Championship — Selected Participant, 2025 • Quiz-A-Bit, Tech-a-Thon 4.0, BIT Mesra

CERTIFICATIONS & LEARNING

Certifications: HTML • CSS • JavaScript • SQL • Python • MCP Workshop • Generative AI Workshop
Currently strengthening: LLMs, AI Agents, Computer Vision, Deep Learning, Model Deployment, Advanced NLP
Languages: English • Hindi • Marathi
